JAMES WESTON

3D ASSETS

I have always had a natural curiosity for construction and how things are put together. In today's IT world, this has developed into a passion for VFX, constructing visual representations of reality. This passions has led me to become a 3D Generalist, with a focus on 3D assets.

RELEVANT WORK EXPERIENCE

2018-Pres — The Mill, London
3D Artist
After running for 8 months I got promoted into the 3D department. Since been promoted I have been working as a 3D generalist, with the goal of joing the 3D asset team. As a gemeralist I've been part of the aspects of the pipline from making previs to delivering final renders.

2017-2018 — The Mill, London
Runner
As a runner at The Mill, London, I got a great insight into the company and how the industry operates. Starting at The Mill just after graduating made my transition into the 3D department easier and more relaxing as I had 8 months of talking and training with the artists as well as carying out my client service duties.

2016-2017 — CGI Group Inc.
Freelance
I was tasked with the creation of a visual aid to a script. It needed to be a 60-90 second animated piece featuring a concept helicopter I had previously created. I had regular conversations with the head of media for this gloabal company.

EDUCATION

2014-2017 — Teesside University, Middlesbrough
BA (Hons) Computer Animation & VFX
First Class Honours

2012-2014 — Wyke Sixth Form College, Hull
A-Levels
Computing: D (Distinction Star)*
Graphic Design: B
Media Studies: B

2007-2012 — Cottingham High School, Cottingham
GCSE
8 GCSEs ranging from A-C including, English, Maths, Art and ICT

MAIN SOFTWARE USED

Marvelous Designer · ZBrush · Houdini · Maya
Substance Designer · Substance Painter · Mari · Photoshop
